School Permission and Signatures

Thank you for submitting an application for the Global Action Research Collaborative on Girls’ Education! Before completing this permission form, please ensure you have read the program information and expectations for participation detailed on the ICGS website.

Please note that in order to participate in the action research program you need to be teaching a class at a girls’ school. Your research will be conducted with your own class or group of students. The project is not designed for co-teaching of a class, nor for observing other teachers and classes as comparatives.

Attendance at all training, online and in person, and two consecutive ICGS conferences is a requirement of participation in the program. Cost for registration, travel, and accommodations at the conferences is the responsibility of the school. The school is expected to support their fellow during the program by providing release time during the academic year to write the research report.

The deadline for completed applications is October 7, 2022.

Acceptance and declination notifications will be sent via email during the week of October 31, 2022.

SIGNATURES

I have reviewed the fellow expectations of the Global Action Research Collaborative on Girls’ Education and agree to fully participate in the program.
